Subject:FW: Meeting of East Tisted Parish Council, Thursday 27th August 2020 at 6.30pm

Date:Mon, 24 Aug 2020 14:38:29 +0000

From:Cullinane, James <james.cullinane@hampshire.pnn.police.uk>

To:'clerk@easttisted-pc.gov.uk' <clerk@easttisted-pc.gov.uk>

Dear Ms Evison,

PC ROSS is unable to attend the meeting – he is on rest days.

I note from the minutes of the previous meeting that the following was discussed and so have used those topics as a guide to provide you with the below updates...

- A32 - I have recently discussed the A32 with Hampshire Constabulary's Traffic Management Officer who advised me the following:

"The Roads Policing Unit has deployed a significant proportion of its resources to the entire length of the A32 this year, including some special motorcycle operations. Many riders have been issued with tickets for various motoring offences. Of course, we cannot be in all the right places for all of the time and it would seem, as we are still receiving complaints, that enforcement is not a sustainable answer to the issue; for that reason we are working with other agencies to try to find one that is (although we are still considering the deployment of Average Speed cameras, at a cost of upwards of £650,000, it is unlikely that this is likely to be a short-term solution."

- Officer uplift – four Police Constables have been allocated to East Hampshire as part of the uplift in recruitment. Their exact postings are to be confirmed (some may go to response and patrol based out of Alton, while others may be allocated to a particular Neighbourhood Police Team.
- Operation 'Rebate East' has been launched in East Hampshire - PC ROSS is the single point of contact for this. The operation focuses on burglaries and attempted burglaries in rural areas, where vehicles/plant are often the source of attraction. Police action includes dedicated rural patrols and operations (with the aim of deterring, disrupting and detecting offenders and offences), reassurance visits to the rural community following reports of offences or suspicious behaviour, regular meetings with stakeholders to inform our local response and work with other departments e.g. Hampshire Constabulary Country Watch Police Officers etc.
- Some members of the local community have expressed concerns about the amount of time it takes to report non-emergency matters to Hampshire Constabulary via 101. The Constabulary are increasing resourcing for the Contact Management Centre – where 999 and 110 calls are dealt with. Some within the community are still unaware that they can report matters to the Constabulary via the internet, our website has a dedicated reporting section.

I hope the above is of help to the Council. If the Council have any specific concerns or issues, we will endeavour to answer these if you would be so good as to pass them onto us.

Regards,

PS 28045 CULLINANE | ALTON NPT
