

20mph Speed Limit Review

Prioritising Council resources

Given the County Council's statutory duty to maintain the safety and usability of roads, and a limited budget, how would you prioritise the following matters?

Please rank in order of importance by dragging from the column on the left to the right, where 1 is most important and 10 is least important

Parking control schemes
Introduction of other mandatory speed limits
Air quality schemes
Introduction of advisory measures such as speed limits
Highway maintenance (e.g. pothole repairs and verge cutting)
Improved pedal cycle facilities (e.g. cycle lanes and cycle stands)
Traffic calming schemes (e.g. Humps and Narrowing's)
Measures to control lorry movements (e.g. restrictions on lorry journeys on unsuitable roads)
Introduction of mandatory 20 mph speed limits
Improved pedestrian facilities (e.g. pedestrian crossings and new footways)

Why have you selected **[No Reply]** as the highest priority?
